Product Information/Name: Anti-Mouse IFNAR1 Purified Low Endotoxin Functional Grade, Monoclonal Antibody, GOLD

Product Code: I-401
Lot Number: See Lot Specific Datasheet
Parent Lot: See Lot Specific Datasheet
Clone: MAR1-5A3
Isotype: Mouse IgG₁
Storage: -2°C to -8°C

Formulation: This monoclonal antibody is aseptically packaged and formulated in 0.01 M phosphate buffered saline (PBS) pH 7.2-7.4, 150 mM NaCl with no carrier protein, potassium or preservatives added.

Test	Specification	Result
Concentration	≥ 1.0 mg/ml	Conforms
Endotoxin	<1.0 EU/mg	Conforms
Purity by SDS-PAGE	≥95%	Conforms
Aggregation Level	≤5%	Conforms
