END USE STATEMENT:

Regarding: Iris Biotech's product

Spermidine

Chemical name: 1,8-Diamino-4-azaoctane

Synonyms: N-(3-Aminopropyl)-1,4-diaminobutane, 99%

Art-No.: LS-1208

Cas-no.: 124-20-9

We hereby certify that the above-mentioned product will NOT be used for:

- any nuclear explosive weapon or illegal civil nuclear activity,
- any activities related to the development or production of chemical or biological weapons, and any other military purpose,
- explosive or pyrotechnic materials,
- illegal production of narcotic or psychotropic substances,

and that we have been explicitly warned and are fully aware of the fact that Iris Biotech's product is NOT for:

- food or drug use (including clinical trials),
- use in agriculture and cosmetics,
- consumption by human or animals,
- culture media used for growing of human or animal cells which will be then used on humans or animals.

We confirm that we have the ability and permission to purchase hazardous materials and dangerous goods and to handle them in compliance with all the applicable EHS regulations.

We further certify that we will carry out all domestic re-sales and re-exports of the goods to third-party countries in full compliance with all applicable local (i.e. EU, Swiss, USA, etc.) and international rules, legislations and restrictions.

Iris Biotech's product will be used in either chemical or microbiological research, teaching or chemical synthesis, or as a raw material in the manufacture of other chemicals.

This declaration is valid for 12 months only, commencing on the date of signature below.

I certify that the above information is correct and can be verified.
